

## SEBASTIAN STENZEL 2011 for sale

Bearclaw spruce/flamed maple, 650 mm scale length, nut width 52,5 mm

Scheller-tuners with snakewood buttons and buffalo horn rollers

Humi Case. Price: 9'500,- EUR

The Guitar is in perfect condition. The French polish has been freshly restaured by myself.

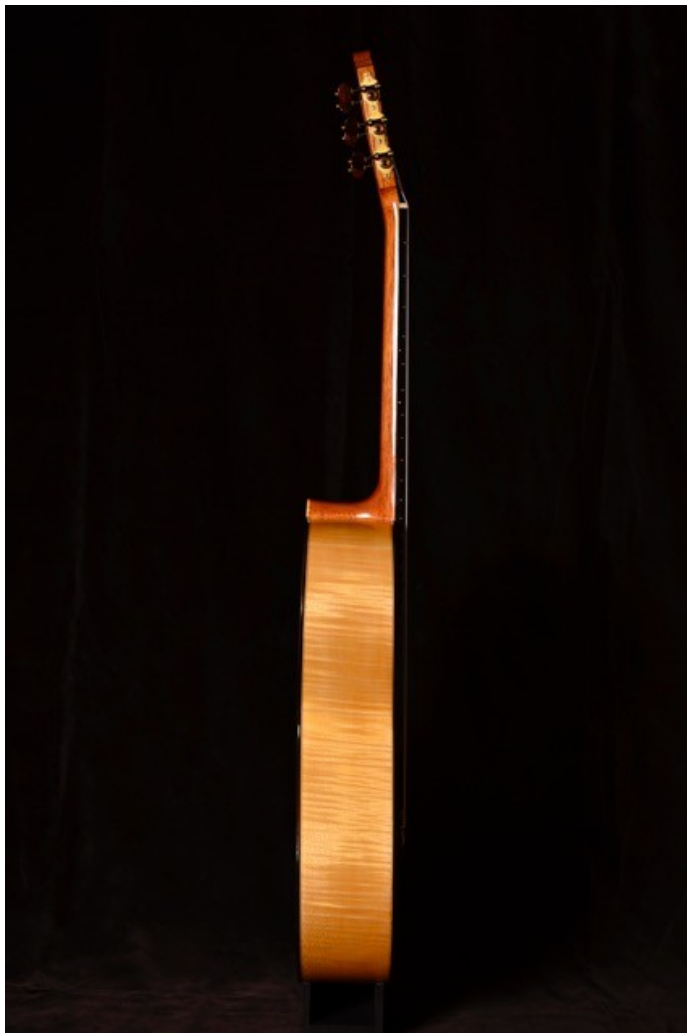

The instrument was not played much and neck, fingerboard and frets are flawless.

Sonorous basses rich in overtones, a creamy mid-range, powerful singing trebles. Extremely well balanced. Very malleable timbre. One of my best instruments regarding sound and playability.

The bearclaw spruce is of exceptional beauty and regularity, the flamed maple was resawn from an old cello wedge from Bosnia.

## SEBASTIAN STENZEL 2011

spruce/maple, 650 mm scale length, nut width 52,5 mm

Scheller-tuners with snakewood buttons and buffalo horn rollers. Humi Case.
